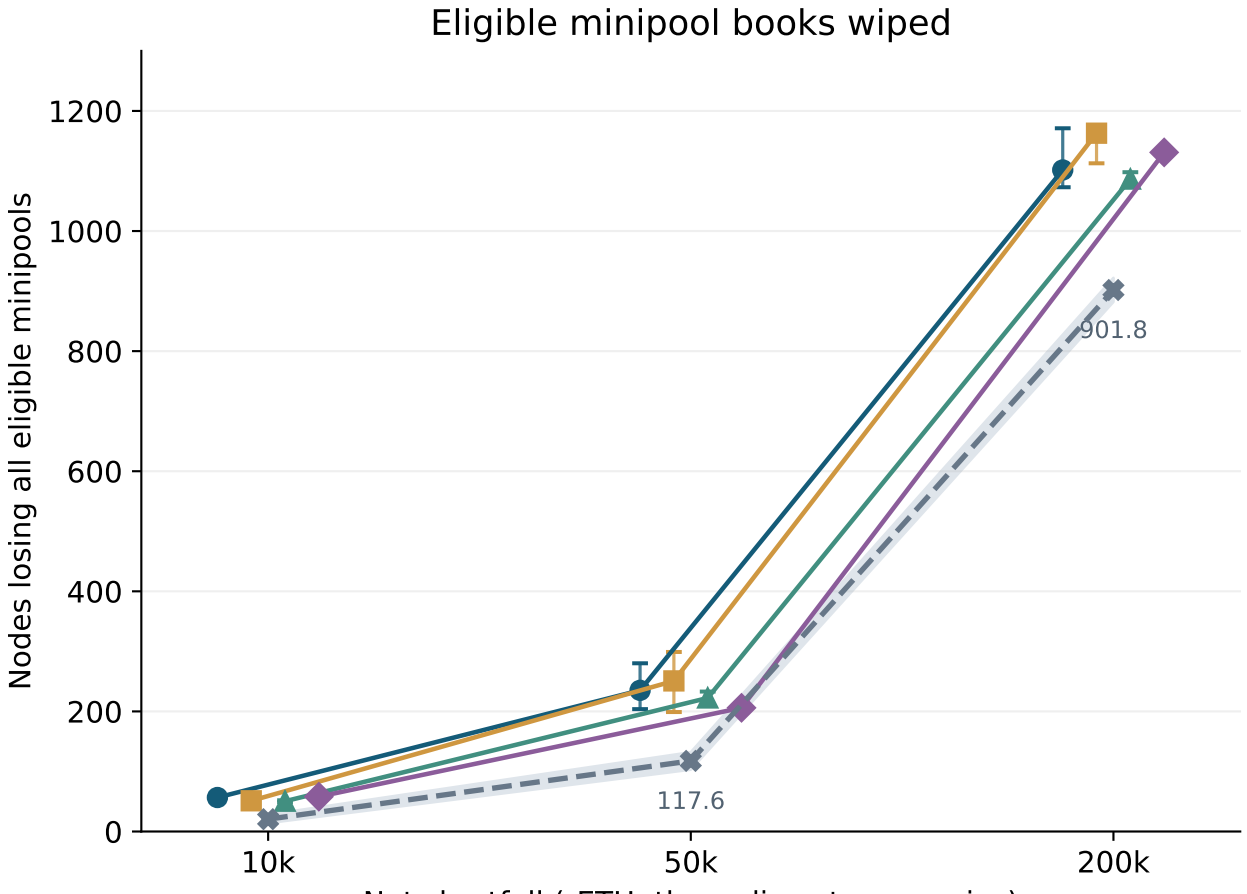
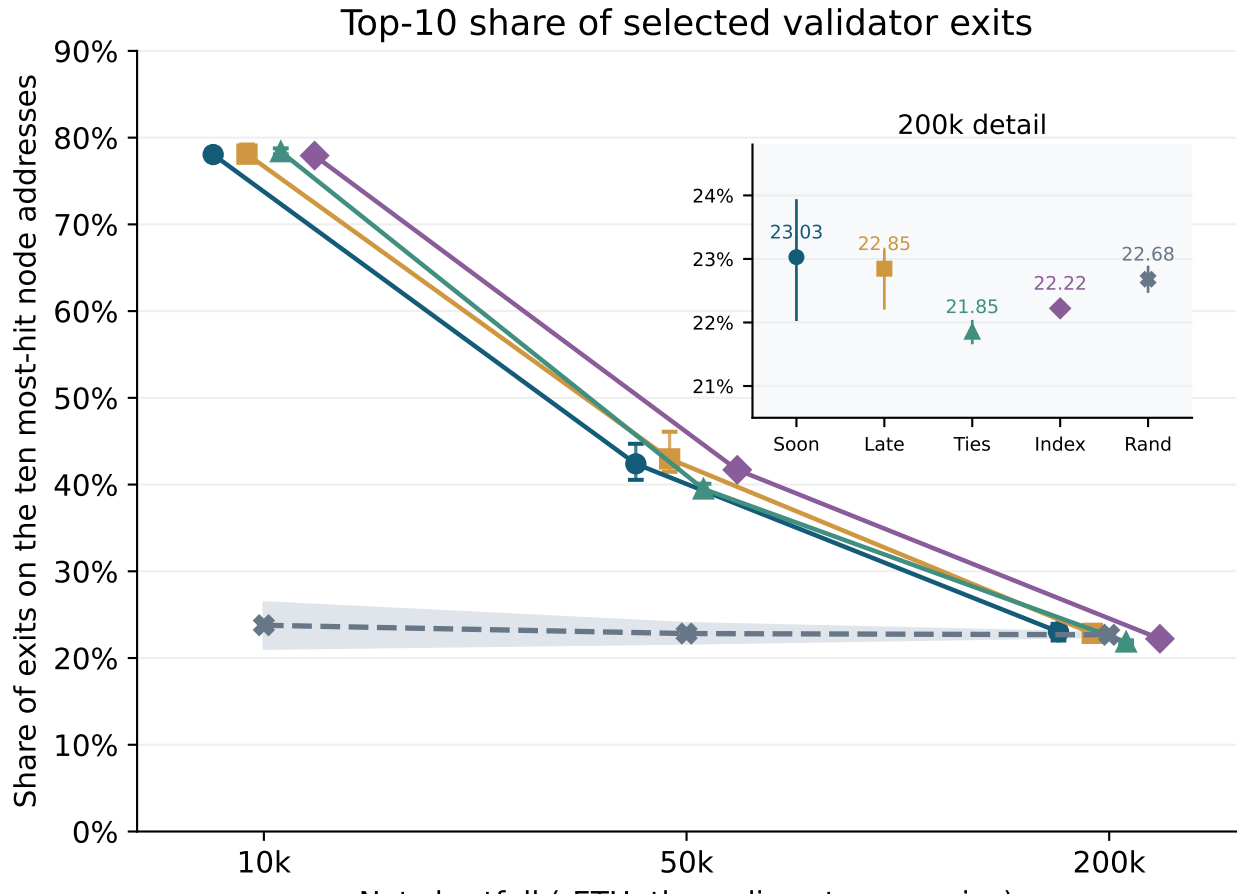
Rocket Pool exit concentration across request sizes

More wiped minipool books at all three sizes; top-10 share converges at 200k





Commission + soonest sweep
Commission + latest sweep
Commission + random ties
Commission + validator index
All-random baseline

Means and 5th–95th percentile ranges: random rules 1,000 draws; sweep rules 20 rotations; validator index fixed.

Gray band: all-random 5th–95th percentiles. Sweep ranges show rotation sensitivity, not withdrawal timing. Lines connect only the three modeled cases.

Block 26,127,238 · seed 20261007 · strict cap · wiped means all eligible minipools; nodes may retain other validators.
